The amount you spend on Aramex services establishes your pricing level, which then determines how much you save. Levels range from 0 to 2, as set out above. The higher your level, the more you'll save on domestic parcel sending within our delivery network.

Weekly spend will be reviewed each Friday to determine your pricing level. When you move to a new level, the new rates are automatically applied to your aramexConnect account. Review the guide below for detailed pricing information across each level.
